1. The Soviets have turned Tsingtao into a naval training center for the Chinese Communists. The naval school there has increased its student body to over 2,000 students selected from among cadre members who have joined the armed forces. The nominal principal of the school is HSIAO Chin-kuang (蕭勁光), with T'AO T'ien (陶用) and TENG Chao-hsiang (滕非祥) as vice-principals. Despite this apparent hierarchy, the main responsible figures and instructors are Soviet naval men.
2. The school is divided into the following sections: ocean navigation, piloting, tele-communications, mechanics, staff work, and combat.
